Full Description

Grosvenor Lodge

Nestled in the sought-after village of Little Haywood, Staffordshire, within a designated conservation area, this exceptional new-build dormer bungalow offers a rare opportunity. The property is the only new build in this historic locale and boasts proximity to Cannock Chase, an Area of Outstanding Natural Beauty, with walking trails just a short stroll away.

The home features three spacious bedrooms, each with its own en-suite, alongside a stunning open-plan kitchen, living, and dining area. Additional amenities include a large utility room, an attached garage, and a generous driveway. The ground floor benefits from zoned underfloor heating for modern comfort, powered by an efficient electric heat pump. A bespoke handcrafted staircase adds a touch of luxury to the interior.

Built with traditional craftsmanship, the property showcases a clay-tiled roof and luxury timber windows, blending seamlessly into its historic surroundings. It is adjacent to the iconic Trubshaw House, honoring James Trubshaw's legacy with the house's name inspired by his Grosvenor Bridge.

This home combines heritage charm with contemporary living and comes with a new-build warranty for peace of mind
